one open fire proved insufficient to heat the Girls' High school building in the recent excessive cold weather, and there has been much complaint on the part of pupils who had to sit in cold rooms because of the inadequate heating system.

Miss Jessie Muse, principal of the school, has sent in a detailed report on conditions at the high school, and be-

"The temperature ranged from 60 to 64 degrees," said Miss Muncie, "and it was so uncomfortable that the girls have complained bitterly, and Miss Muncie says the rooms were just warm enough to allow her conscientiously to keep the girls in classes."

is not warm enough for the girls while they have to sit still for hours."

**SAME AS LAST YEAR.**

Conditions this year are a repetition of those of last winter, when the school was so cold that an Atlantic physician charged that his daughter became ill and died from the exposure.

Colonel W. R. Daley, president of the board of education, speaks strongly of the subject, insisting what he

"The inadequate heating system in the Girls' High school is a menace to the girls," said Colonel Dabney, "and some provision should be made for the protection of their health. They have fourteen furnaces over there, three stoves and an open fire, but the air in it is so poor and the furnaces so old and out of date that the health facilities are most unsatisfactory."

"The rooms are either at a sweating temperature or a freezing temperature all the time, and the change is very bad for the girls.

"And this is no new condition," said Colonel Daley. "It is a thing of every day. Everybody knows it, and everybody knows how hard we have tried to get some money with which to remedy this situation. We have even had an engineer come over the old building to make estimates on a new central heating plant, and we have used considerable money to get the old building

for the protection of the girls, to install a safe heating apparatus. I myself have talked myself hoarse on the subject; but we have been unable to do a thing.

**BAD SHAPE ALL ROUND.**

"My opinion is that it is both the fault of the building and the heating apparatus. The furnaces, which were originally constructed in the beginning and out of date and the building is arranged as to retain heat. There is a way of regulating the heat either by

what warmth there is going to the ceiling. As a result the girls' heads are hot while their feet are cold."

Miss Muse, the principal, said that the heat dropped below 60 she would not think of keeping the girls in class.

She says the furnaces are old, and that there are so many of them that they keep a man busy trying to keep them from freezing.

"On cold mornings he starts at 5:30 a. m.," she said, "but even so we never get satisfactory heat."

Colonel Daley says that the thing to be done is to erect a new building to install an up-to-date heating plant; that if this is not done, some provision should certainly be made for keeping the old building warm enough to make it safe for the pupils to attend classes.

"...the outside," said Colonel Daley, "will pay for an adequate heating plant."

## Shorthanded?

If you are a factory owner in need of employees, there is one lesson for you to learn right away, and that is, that there is no need today for your factory, or any factory, to run shorthanded, for you

Good workmen, with the right sort of experience, men and women capable of fitting profitably into your business, read and use The Journal.

The short, simple method of obtaining factory help is to write a little Want Ad for The Journal.

OLD LUM, GOOD NEGRO,  
BEGS OFF PRISON STAY

Has Always Been Democrat, Doesn't Know He's Free, and Isn't Well

One of the most remarkable petitions for executive clemency that has reached the governor's office in a long while is that of Lum Greer, an aged negro of Butts county, who is under a twelve months sentence for stealing liquor and who is asking for a fine instead.

This old negro's petition was drawn up for him by J. Threalt Moore, a well-known lawyer of Jackson and co-member of the general assembly. Mr. Moore sets out that Lum is seventy-four years old; that he served three years in the Confederate army; that he has always voted the Democratic ticket; that, notwithstanding an amendment has been adopted to the federal constitution abolishing slavery, old Lum continues to serve his white masters, and, finally, that Lum is afflicted with tuberculosis, Bright's disease, stomach trouble and a few other ailments which would result in his death.

What Do You Know About Any  
Motor Car Save the One You Own?

JUST think of the cars you have ridden in during the past year; and have you driven any other car than the one you own? Not one automobile owner in a hundred rides a dozen times a season in any other car than his own.

Under such conditions, with a limited knowledge of other cars, it is natural that every motorist is apt to think his is the best car built.

It is like the man who claims that his town is the best—yet who never goes to any other town.

Remember the old Second Reader story about the pigs that thought they knew the world until they got out of the pen and climbed the hill?

Now Let's Make a Good Examination of Six-Cylinder Cars

If you have never driven a Six, you can know nothing of their smoothness.

The man who never saw an electric lamp could easily be persuaded to believe that a kerosene lamp was just as good.

If you never drove a Six, you might easily be led to think that a Four could be made to run as smoothly.

You'll never know the difference except by actual experience.

Riding in a Six will convey some of the sensation. You'll get that feeling of flying. You'll not experience any vibration. The motor will purr—almost noiselessly—and because there is a constant power impulse being imparted to the rear wheels, the grind and growl of the rear axle will be heard.

But, when you take the wheel, you get an entirely new sensation in motoring. It is not high power that accounts for it. Four-cylinder motors can be made

just as powerful as a six—or a one-cylinder could be, for that matter.

To be sure to get the very finest impression of what a Six means, drive a HUDSON Six 54.

Go to any HUDSON dealer. If you drive, have him let you take the wheel, and over any road, through the maze of city traffic, over the rough roads, up hill and down, you will see why it is possible to do 500 miles in a day with safety and comfort.

New Features in HUDSON Six 54

True streamline body—the handsomest car you ever saw. Highest standard of HUDSON design and construction. The very best we know in beauty and finish. Left-side drive. Right-hand control. Entrance to driver's seat from either side. Electrically self-cranked and electric lighted.

## WOMAN VICE FIGHTER DISCUSSES HER WORK

Miss Virginia Brooks, Now Mrs. Washburn, Tells of Reforming West Hammond, Ill.

Mrs. Charles Washburn, until recently Miss Virginia Brooks, the intrepid young woman who brought about civil and moral reforms in West Hammond, Ill., and whose influence and work spread to Chicago, was in Atlanta on Wednesday afternoon and while here she took occasion to call on Police Chief Heaver and congratulate him on his efforts to drive all forms of vice out of Atlanta.

Mrs. Washburn, who is accompanied by her husband, city editor of the Chicago Tribune, came to Atlanta from Chicago, where she addressed the women of the civic league of that city. Thursday she left for Rome.

Commenting on the "clean up" of West Hammond, Mrs. Washburn said: "With the abolition of the segregated district went the local vice and undesirable characters, who are a menace to any community where the town is open."

TOWN'S MORALS IMPROVED. "When the bad places disappeared, industry in the town took on new life; men acquired better notions, better ways; the homes became more prosperous-looking, and the schools better. The method pursued in the campaign there inspired a similar work in many towns of the west."

"How did we do it? Men and women worked together for the betterment, just as they are doing in Chicago in the crusade being successfully waged there against vice. We did it by publicity, too. When men in office failed to force the laws, failed to support the police in their efforts, we publicized them. We had posters, distributed literature, telling the truth, and the world for the men who were willing to undertake the office and push the reform."

## Five DeKalb Towns Plan Ga. Products Dinners

DeKalb county is out to lay all records behind for the number of "Georgia products dinners" to be given within its borders next Tuesday—Georgia products day.

Five "live wire" towns in Fulton's sister county will have feasts on Georgia produce on that date and they believe this will set an unassailable record for any one county in the state.

Kirkwood, Clarkston, Decatur, Lithonia and Douglas have made arrangements for dinners through their commercial organizations. No other county in Georgia has five organizations that is two records that DeKalb claims.

## NEGROES WILL CELEBRATE FIFTY YEARS OF FREEDOM

Management Designates Monday Night, November 17, as "Journal Night" at Drome

Negroes of Atlanta will hold a fruitful anniversary celebration of the emancipation proclamation next week at the Drome. The performance has been decorated and arranged to resemble a big carnival. Picture shows, midway, plantation entertainments and interesting historical features will be shown.

The opening night, Monday, November 17, has been designated "Journal Night" by the management. The colored societies of the Journal will be lined up at the Drome building and marched to the Drome, where they will be guests of the management.

## ONLY WOMAN SECRETARY TO GOVERNOR VISITS HERE

Miss Fern Hobbs, secretary of Governor Oswald West, of Oregon, was in Atlanta Wednesday afternoon en route from Washington to her home in Salem, Oregon.

Miss Hobbs is the only woman who occupies the position of executive secretary to a governor of a state. She is a tactful young woman and during a brief visit also paid the capital city a Wednesday afternoon she was the center of an interested group of state officials.

They have woman suffrage in Oregon, but Miss Hobbs declined to state her position in politics.

## ATLANTA PEACE JUBILEE WILMER MOORE'S IDEA

Monuments to Walker and McPherson Might Be Unveiled at Celebration in 1914

Suggestions for a great peace jubilee meeting to be held in Atlanta on July 22, 1914, were advanced by President Wilmer L. Moore, of the Atlanta chamber of commerce, at a meeting of the directors Wednesday evening.

Mr. Moore proposes the peace jubilee as a definite and conclusive means of demonstrating to the world that the north and the south have buried their differences and that no sectional feeling now exists as a result of the terrific struggle of the sixties.

It is Mr. Moore's idea that the federal government will advance sufficient funds to erect a handsome joint memorial monument in Atlanta to General Walker, of the Confederacy, and General McPherson, of the union army, both of whom fell in the battle of Atlanta. It is proposed by Mr. Moore that this monument be unveiled during the peace jubilee.

## SKILLED CITY MANAGERS BEST, REPORT EXPERTS

Commission Government Advocates Urge Running Municipality Like Dept. Store

TORONTO, Nov. 12.—The "city manager plan" of the municipal government was explained and heartily endorsed at the nineteenth annual meeting of the National Municipal League today by the special committee appointed two and a half years ago at the Richmond meeting to study the problem of commission government and its development.

"Commission government at present runs more than 1,000,000 persons in 300 cities and towns. The supporters of the plan are divided as to whether commissioners should be elected for specific terms, as in Lynn, Mass., or for a general term with power to divide the departments among themselves after election, as in Galveston and Des Moines. The majority of the committee, however, reported that neither was as good as that offered by the plan of electing a commission jointly representative and legislative in function, permitting the members to divide only part time to municipal work and reserve the remainder to serve as advisers to the chief executive work to a city manager hired by the commission from anywhere in the country and holding office at its pleasure. This manager appoints and controls the remaining city employees, subject to adequate civil service provisions.

**SUMMER FIRST TO TRY IT.**

The plan was first adopted by the legislature of South Carolina for the city of Sumter and went into effect there on the first of the present year. Since then it has been adopted by Hickory and Morgantown, N. C.; Dayton and Springfield, Ohio; La Grande, Ore.; Frontenac, Minn. and Morris, Minn.

The advantages of the plan were pointed out by the committee in its report as follows:

"The city manager plan permits experts in administration at the point where it is most valuable, namely, at the head of the city government.

"It permits comparative permanency in the city government, and wherever in all plans involving elective executives, long terms of office are necessary.

"It permits the chief executive to migrate from city to city, inasmuch as the city manager is not to be necessarily a resident of the city at the time of his appointment, and thus an experienced man can be summoned at advanced salary from a similar post in another city.

**NO ONE-MAN POWER.**

"While giving a single-headed administration, it abolishes one-man power as in the old mayor and council plan. The manager has no independence and the city need not suffer from the personal whims or prejudices, since he is subject to instant removal, or even discharge, by the commission. Likewise, in the commission, each member's individual whims or prejudices are safely submerged and the combined wisdom and judgment of the whole commission, since no one man has authority in the municipal government save as one voting member of the commission.

"It abandons all attempts to choose administrators by popular election, which is desirable because—

"It leaves the lines of responsibility unmistakably clear, avoiding the confusion of the two Mayor plan, in which the responsibility of the individual commissioners and that of the commission as a whole.

"It provides basis for better discipline and harmony, inasmuch as the city manager can safely be at odds with the commission, as can the Mayor with the council in their capacity as department heads, or the mayor with the council in the mayor and council plan.

"It is better adapted for large cities than the Mayor plan, by providing the services of one, well-paid manager instead of five or three paid commissioners. It makes possible economies in salaries and overhead expenses.

"It creates positive membership in the commission, which should be attractive to first class citizens, and the service offers opportunities for high usefulness, without interruption of their careers."

The committee on commission government making this consists of Richard S. Childs, Secretary National Short Rail Association, chairman; Prof. Charles A. Beard, Columbia University; Prof. William Bennett Munro, Harvard University; Clinton Rogers Woodruff, Philadelphia, Pa.; and Dr. E. C. Worthington, D. C. author of "Commission Government in America Cities."

## NATIONS OF THE WORLD ALSO ARE VERY HARD UP

High Cost of Living Felt by Powers Just as Keenly as by Individuals

(By Associated Press.)

WASHINGTON, Nov. 12.—The nations of the world are feeling the pinch of the high cost of living, no less than individuals. This is clearly set forth in a report of the Bureau of Foreign and Domestic Commerce dealing with the national debts of the central governments. The aggregate debt is upward of forty-two billion of dollars, an increase of 20 per cent in the last five years and double what it was five years ago.

France, according to the expert figures, has been leading the fastest pace, for its debt is the heaviest of any government. Next to Russia, after which comes the United Kingdom, Italy, Spain, British India, Japan, Belgium, the United States in the order named. The debt of the country in the past ten years grew by a little more than \$30,000,000,000.

The strong nations are enabled to get money at comparatively low interest rates, but weaker governments are compelled to pay heavily for accommodation. Interest on the national debt of the United States ranges from 7 to 10 per cent with the bonds selling at their face value and above it.

## Booth Brothers, Foes, Just Fscape Meeting After 15-Year Quarrel

CHICAGO, Nov. 12.—General Russell Booth, commander of the point of view, arrived in Chicago last night just a few hours after his brother, General William Booth, head of the Volunteers of America, had left. The brothers have been estranged for seven years and their friends had hoped they would meet here and effect a reconciliation.

"If we should become reconciled it would be because we are brothers and would not mean the undoing of our forces," said General Bramwell Booth.

Thousands of Women

Have Been Restored to Health By Lydia E. Pinkham's Vegetable Compound.

There is no doubt about this fact. Why? I during the last 30 years we have published in the newspapers of this country volumes of letters from women who have been relieved of all their suffering by the timely aid of this grand old medicine. Letters like the following, true, genuine and honest expressions of gratitude coming from grateful hearts. Surely you can believe these women.

Mrs. L. S. BRENNER, Hudson, Mich., says:—

"Sometime ago I was taken with a terrible pain in my right side, much sharper than just a knife sticking me. I tried hot applications but that did not good. I went to my family doctor (we were living in Fayette, Ohio, at that time) and he said it was organic inflammation. I doctored with him a while but kept getting worse. The pain was so terrible I could hardly stand on my feet. I would have that sharp pain in my right side, and a dull heavy pain the whole length of my back. I realized that something had to be done quickly, so I looked up all of your advertisements I could find, and saw several that described my case. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it helped me from the first dose, and when I had taken two bottles my trouble was gone. Your medicine has done so much for me that I am willing you should publish this letter for the sake of other suffering women."—Mrs. L. S. BRENNER, Hudson, Michigan.

Mrs. L. E. BOWERS, Girard, Pa., says:—

"I take pleasure in informing you of what Lydia E. Pinkham's Vegetable Compound has done for me. I had a sick spell last February, and for some months after that I was not regular and had many bad feelings. I was tired all the time and could hardly walk without feeling dizzy. I heard about Lydia E. Pinkham's Vegetable Compound, took it, and also used the Sarsaparilla. I got stronger, and have not had those dizzy spells since. I feel that I owe my health to you, and hope your remedies will help all who are as sick as I was. I tried everything I heard of, and you are the best medicine for women's ailments."—Mrs. L. E. BOWERS, R.F.D. No. 1, Girard, Pa.

Mrs. ELIZABETH GENTILCORE, Buffalo, N.Y., says:—

"I feel that I must write to you about your wonderful remedies. About ten years ago I was troubled with female weakness and was all run down. I was tired all the time and could hardly walk without feeling dizzy. I heard about Lydia E. Pinkham's Vegetable Compound, took it, and also used the Sarsaparilla. I got stronger, and have not had those dizzy spells since. I feel that I owe my health to you, and hope your remedies will help all who are as sick as I was. I tried everything I heard of, and you are the best medicine for women's ailments."—Mrs. ELIZABETH GENTILCORE, 56 Glen Street, Buffalo, New York.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does not try it. It does not hurt. It is a pure medicine made from roots and herbs. It has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

## ARGENTINE WELCOMES COLONEL WITH BANQUET

Roosevelt Delivers Message of Friendship, and South Americans Cheer Him

BUENOS AIRES, Nov. 12.—Friendly enthusiasm was shown toward the United States at the banquet given here last night in honor of Colonel Theodore Roosevelt and the distinguished visitor himself was warmly welcomed. The national hymns of the United States and of the Argentine Republic were sung in a spirited manner, while hundreds of women in the galleries threw flowers upon the floor of the banquet hall.

M. Breen, a member of the house of deputies, who delivered the speech of welcome, referred to the visitor as "the defender of the integrity of the Americas," and paid him the tribute of having entirely dispelled any feeling of suspicion that may have lurked among the Latin-American countries of the friendly advances of the United States.

In his reply Colonel Roosevelt defined the Monroe doctrine, explaining that it was not an international law, but a policy of the United States for all Americas. He said times had changed and the adoption of that policy so that the Argentine was now a great modern nation which needed no protection. He added:

"I hope the example of the Argentine will be followed by all the other Latin-American republics and that they will all accept the Monroe doctrine as the leading article of their policy."

The ex-president entered into explanations of the United States in Panama and Santo Domingo and his audience manifested its approval. When he concluded that independence and peace should always exist throughout the world, the women in the galleries threw down their volleys of flowers while the applause of the men on the floor continued for several minutes.

Foreign affairs, Coscoro Carreras, the justice of the supreme court, and the members of the diplomatic corps were among the guests at the banquet.

They would meet here and effect a reconciliation.

"If we should become reconciled it would be because we are brothers and would not mean the undoing of our forces," said General Bramwell Booth.

## NO THANKS! UNCLE SAM DIDN'T CARE FOR FULLMAN

(By Associated Press.)

WASHINGTON, Nov. 12.—The United States government could have a Pullman palace car on its hands had it not been for the action taken by Assistant

Secretary of Commerce Sweet, Collector of Customs Whelan, at Detroit, informed him the Grand Trunk Railway company had ferried an empty Pullman car from Detroit to Windsor, in a Canadian owned ferry. As it was considered a violation of the law prohibiting carriage of American coast-

wise merchandise in foreign bottoms. The penalty would have been confiscation of the "merchandise."

Secretary Sweet decided he did not want a Pullman car, and that, any way, there had been no intention of breaking the law. The company, however, will be ordered not to do it again.

SPECIAL CONDITIONS

Should there be any tie, as many prizes will be reserved as there are people tied before any prizes are awarded to those sending less correct solutions. That is, if two people tied on the absolutely correct answer, they would have to count the second puzzle to determine which was entitled to the first prize and which to the second prize. Then the one who sent the next best answer would be entitled to the third. This rule will apply generally.

While the winning of a prize does not depend upon the time solution is received, it is necessary that the solution be received by the time the contest closes.

SOLUTIONS AND PAYMENTS

The following spaces provide for five solutions, with the payments you desire to make with each solution. You may submit one or as many different solutions as you wish. You can pay from \$1.00 to \$5.00 with each solution. The total will apply on one continuous subscription.

A payment on subscription to The Atlanta Journal of from \$1.00 to \$5.00 for the Daily and Sunday edition, or from \$1.00 to \$5.00 for the Semi-Weekly edition of The Journal, entitles a contestee to submit a solution of the puzzle. The amount of money paid will cover the subscription price for the paper according to the regular rate, whether for city delivery or by mail.

AS MANY DIFFERENT SOLUTIONS MAY BE SUBMITTED AS THE CONTESTANT DESIRES, UPON SUBMITTING AN ADDITIONAL PAYMENT WITH EACH ONE, BUT NOT MORE THAN \$5.00 CAN BE PAID WITH ANY ONE SOLUTION.

It is not necessary to pay the same amount with each solution more than one be submitted. As the main prizes have an added value according to what is paid in subscription with the winning solution, contestants should familiarize themselves with the dividend schedule before sending in their subscription.

Remit by check, money order, registered letter or in one or two cent stamps. Solutions submitted by each contestee must be registered. The contest is open to both old and new subscribers within the territory designated.

Whatever is paid, whether on one or a number of solutions, will apply on a continuous subscription to The Atlanta Journal. No one engaged with The Journal in any way will be allowed to enter this contest.

THE PRIZE LIST

FIRST PRIZE—\$500 in Gold, to which will be added 50 times the amount paid by the subscriber with the winning solution. This prize may be worth \$500.

SECOND PRIZE—\$100 in Gold, to which will be added 30 times the amount paid by the subscriber with the winning solution. This prize may be worth \$100.

SEVENTY-FIVE PRIZES—\$2.00 in Gold, plus the amount paid with the winning solutions. These prizes may be worth \$5.00 each.

SPECIAL CONDITIONS

Should there be any tie, as many prizes will be reserved as there are people tied before any prizes are awarded to those sending less correct solutions. That is, if two people tied on the absolutely correct answer, they would have to count the second puzzle to determine which was entitled to the first prize and which to the second prize. Then the one who sent the next best answer would be entitled to the third. This rule will apply generally.

While the winning of a prize does not depend upon the time solution is received, it is necessary that the solution be received by the time the contest closes.

SOLUTIONS AND PAYMENTS

The following spaces provide for five solutions, with the payments you desire to make with each solution. You may submit one or as many different solutions as you wish. You can pay from \$1.00 to \$5.00 with each solution. The total will apply on one continuous subscription.

Puzzle Contest

FIRST PRIZE \$500 in Gold

THE PROBLEM

The problem is to count the circles. Every circle is complete and intersects or touches one or more other circles. There are no parts of circles or shams or deceptions of any sort in the puzzle. In the event that no one counts the exact number the prizes will be awarded for the nearest correct solutions. Accuracy and patience are the main requisites for arriving at the correct or nearest correct count. Those who display these qualifications to the best advantage will solve the puzzle best.

# University of Georgia Agrees to Play Tech at Grant Field

## Vandy Team Is Shot to Bits For Big Game

Brown, Morgan and Other Stars Not in Line-Up, but Nevertheless, Commodores Will Make Desperate Fight Against Auburn to Stay in S. I. A. A. Running

(Special Dispatch to The Journal.)  
NASHVILLE, Tenn., Nov. 12.—Having barely gotten the decision over the Volunteers last Saturday, the Commodores now face their most important game of the season, and one that will vitally in the final S. I. A. A. ranking.

According to all odds, if dope amounts to anything, Auburn should win next Saturday by a comfortable margin. The Commodores have been known to upset, and Vanderbilt is the team that would expect to do that thing. They will battle desperately to retain their exalted position in the realm of southern football.

It was thought for a while that Tom Brown, Vanderbilt's star tackle and one of the mainstays of the team, would get into the game, but his ankle is not sufficiently healed to stand the strain of a hard game.

Besides having the weakest team in years, the Commodores will go into the game handicapped by the loss of Brown and Morgan, and the only two experienced players left in the team.

If Vanderbilt is to hold Auburn on Saturday, the team must certainly play better ball than has been shown in the last three games.

Coaches McGuffin, Muller, Ross, Graham and Hager are working hard to get the men into shape for the battle. Rigorous practice was the program on Friday yesterday afternoon, but today the men will begin to get down to hard work.

The line-up for Saturday's game is a matter of speculation. Several changes will be made and a different line-up will face Auburn.

Arrangements have been completed to take several hundred students to Birmingham with the team. A special Vanderbilt train has been arranged for, and will leave Nashville at daybreak Saturday morning and return that night.

## Georgia Team Learning New Plays and Signals For Game Against Tech

Several Changes Have Been Made in the Line-Up — Malone Will Carry the Ball, and His Line Backing Is Expected to Be Too Fierce for Tech to Stop — McKinnon, a Star That Cunningham Has Saved Especially for Tech Game, Will Be in the Backfield — Carey Is Back in the Game, Showing Up Very Fast, and Crump Is in Shape

ATHENS, Ga., Nov. 12.—The Red and Black squad had a very strenuous workout yesterday afternoon. This week's practices are very long and hard driven due to the fact that the coaches have entirely changed their signals and the teams are running them as much as possible so as to get used to the change.

Cunningham has also given the team quite a number of new plays and in speaking of these the players say that nothing like them has ever been seen in the south. The team will be strong in the way of line backing, since Malone has been picked to carry the ball. Malone played as full back two years ago and was a veritable terror on the line. Whenever he hit the line, something happened and it generally was the opponent's line giving way. He is of powerful muscular build and has a terrific drive when carrying the ball.

Georgia has made a great step in strengthening her line by putting McKinnon in at guard. He is a big brawny fellow and would have played last year but he was ruled ineligible by the one year rule. Before he came to Georgia he was attending the University of Michigan and there received his first football training under "Hurrup" Yost.

Crump was injured in the same game as McKinnon. He was a star on the team last year and has been playing each time and besides he gets them off in the style. He will be depended on for the punting job as Henderson is out of commission at that job now.

"Bill" Carey is back at left half, his injuries received at the first of the season having healed up. Carey is as fast as a streak and makes a first-class running mate for McWhorter. He has not been allowed to participate in recent games until the Clemson game. He was only played a few minutes there. But he is in the trim now and is just "rearing to go."

Crump, at full back, is back in his old form again. This man carries the ball very much like McWhorter. He has that same twist and squirm that makes McWhorter the peer of southern half backs.

McWhorter has a new trick, and since they have been practicing, both have been saved for the Georgia-Tech game. He has pulled out a new trick, and since they have been practicing, both have been saved for the Georgia-Tech game.

Alabama Plays The Volunteers Thin Red Line Expects Hard Fighting in Annual Battle at Tuscaloosa Friday

(Special Dispatch to The Journal.)  
UNIVERSITY OF ALABAMA, Tuscaloosa, Ala., Nov. 12.—Defeated last Saturday by Sewanee in one of the hardest fought battles on a southern gridiron this season, but undismayed by the outcome, the University of Alabama football team is this week hard at work for the annual game with the University of Tennessee on the local campus Friday.

Though Alabama came out of the Sewanee game with the small end of a 10 to 7 score, the crimson jerseyed warriors of Coach Graves gained plenty of the glory of that match. They outplayed the boys from the Mountain at every point except in the matter of scoring, and kept the ball in their opponents' territory during almost the entire game. But the score is what counts in the final reckoning, and there was no talk here of what might have been.

The outcome of the Tennessee game is problematical. On paper the Volunteers are perhaps the stronger of the two teams. It is certain that they will bulk much larger than the "thin red line," and their record so far shows that they have more than made good. Comparing the records that Tennessee and Alabama made against Sewanee, the latter seems to have been the stronger.

## Tech Wins Out; Georgia Agrees To Grant Field

Telegram Announcing Georgia's Withdrawal of Demand for Ponce de Leon Park Sent by Athletic Director Sanford to Athletic Director Randle Thursday

The University of Georgia has withdrawn its demand to play at Ponce de Leon and agrees to play Tech next Saturday on Grant field, which is Tech's new athletic stadium.

The following telegram was sent Thursday morning by S. V. Sanford, athletic director at Georgia, to W. N. Randle, athletic director at Tech:

"Your wire of the 12th received. The contract evidently contemplated that the scheduled game should be played as usual at Ponce de Leon, and the correspondence referred to does not attach the suggested condition to the game. However, to relieve any doubt on the subject, and in deference to requests from the student body and alumni of Georgia, and after conference with the university authorities, I have decided to waive our rights in the matter and to play the scheduled game at Grant field."

This settles the controversy. The Georgia team will leave Athens at 4:15 Friday afternoon and will stop at the Georgia Terrace hotel while in Atlanta.

A special train with 1,000 students and Athens people will leave for Atlanta Saturday morning.

## Tech Will Go Against Red and Black Eleven In Best Form of Year

Patten, Beard, Johnson, Lucas and Trawick Are All Back in the Line-Up and Will Be Used Saturday — The Team Is Fighting Mad and Went Through Season's Hardest Scrimmage Wednesday, Overwhelming the Scrubs—Old Alumni Stars Are Back on the Field Helping to Coach the Team for Big Game — Whole Team Is Confident

THE Tech varsity has the pep and the way that they hit it up Wednesday foretells no easy game for the Red and Black next Saturday. That they mean business is a sure thing. They realize that they are up against nearly an impossible task, but they have shouldered the responsibility like the men that they are, and when Saturday arrives they will be ready to hand out what they have about as fast as the Red and Black can receive it.

There has never been a Tech-Georgia game when there wasn't a good team in the field for both sides, and this year with no exception. There will be a great many of the players in the Red and Black and there will be some team representing the local colleges. The team has improved wonderfully in the last few days and the chances are a great deal better than at this time last year. The loss of Patten was a great blow, but he is playing scrub ball and doing all that he can to help out the big team.

The Techies have no kick and are not grumbling about the loss of anything like that. They have gotten to work and the Red and Black will find all that they are looking for when they tie up with the Jackets. This is the last year of several men on both teams. These will do their best work, and the best work of some of these men is worth going miles to see. It will be a long time before a McWhorter comes to Georgia of Bob's brand. They don't grow those kind but once in a long time. The Tech team is bent on measuring him up for a defeat Saturday and the game will be the price of admission multiplied by about one thousand and three. Look out for the Jackets.

They are determined to break the football losing streak that has been with the team for so long. All of the coaches are hard at work and the men work late into the night getting down signs and other things perfecting the jacket machine. The Jackets will be in the game with all colors flying and every man on the squad ready for work with the exception of Jim Patten. Patten will be back, with Alexander and Johnson also in the lineup. Beard has been kicked for a while as has Patten, but they will both be back Saturday. Captain Cook is going better than ever and that is saying a lot.

If the field is dry and the weather conditions good the Jackets will have a look in, but if the field is wet, the local boys are taken at a disadvantage.

The person that thinks Tech is lacking in spirit couldn't be more mistaken. There is a word of spirit among the student body. There is abundant rivalry among the alumni who have gone out from Tech.

At Yale during the week before the Harvard game it is not unusual to see a millionaire down on his all-fours trying to show a man how to kick a football. The alumni do everything from coaching a thick headed lineman to carrying water.

But Yale nor Harvard has nothing on Tech—nor anywhere in the number of millionaire alumni. "Red" Hill, captain of the Tech team, has been out from New York to see the Georgia-Tech game and let us with the cheering. "Moody" Hurt, of the 1911 team, a resident of Georgia, will be in the line-up Thursday. "Chip" Roberts, former Tech player, has been on the field practically every afternoon during the present football season.

Alumni in general have displayed more interest this year than ever before. Especially are they proud of Tech's new athletic stadium, and they are so busy cheering and shouting and the board of athletic control in insisting that the Georgia-Tech game be played there. Along with everyone at Tech, they hold the Georgia-Tech game in the highest of esteem. To Mr. John W. Grant, whose generous gift of \$10,000 made Grant field possible, to the Georgia-Tech game, to the Georgia-Tech game, to the Georgia-Tech game.

Nearby all members of the '08 team who are here for their twenty-fifth anniversary witnessed the practice and cheered their former guard. The practice was the dearest seen on the field in recent years and several variety men, including Captain Ketchum, were alighting.

Philadelphian, Nov. 12.—A new strength record for the University of Pennsylvania was established by Michael Dorizas, a Greek athlete Wednesday, when he registered 1,700 kilos on the testing machines. This exceeded the record made by him last year when he broke a record of the machine. Several records better than the former ones were broken by the team. The Greek with a total of 1,496 kilos.

## Tigers Expect No Trouble in C. of K. Clash

Kentuckians Have Shown Poorly in Games This Season, While Sewanee Will Put Her Best Team in the Field Against the Commodores on Thanksgiving Day

(Special Dispatch to The Journal.)  
SEWANEE, Tenn., Nov. 12.—The Sewanee Tigers, after proving they still have plenty of combat, are arriving in the pink of condition for the Thanksgiving game with Vanderbilt. The team has practiced very little this week in order for each man to catch up on his own. The team is in the pink of condition and as the Commodores do not intend to play all the regulars in the game with Central of Kentucky, Saturday, they should be able to do very effective work in the game.

# Both Teams in Fine Shape for Game and Are "Rearing to Go"

## HANK'S TWENTY-FIFTH DAY--HE FOOLED THE WOODPECKER

--BY FARREN

## THE SPORTLIGHT BY GRANTLAND RICE

**REVISED FOOTBALL.**

They told me that the game had been revised; they whispered that the rough stuff had been canned; whereas, a trifle shock and a surprise, I thought I'd go and mingle with the band.

But scarcely had I settled in my seat before a cloudburst soaked me with a clout; The heavy rain descended in a sweat; And, all but drowned, I finally went out.

Next week I tried again, when down the plain a biting gale came rustling with a kick. Until, a frozen boob, I shrieked with pain. And begged some nearby nut to shoot me quick.

The game may be revised for those who play. Unlucky to the last and perfect notch; But grab an ear full, kid, from this here say-- It's worse than hell on wheels for those who watch.

Yale can still beat Princeton, as the Tiger fought Saturday, by improving 116.25 per cent. This might sound a trifle pessimistic for the Blue if it were not for the fact that three years ago Yale turned the trick in the last week by improving 216.25 per cent.

When Tiger and Bulldog hooked up in the stress, You not only can't tell, but you can't even guess.

**SOME GENERALSHIP IS O. K.**

Those who are inclined to believe that college football teams are not prone to use excessive generalship or to show any amazing amount of headwork are requested to consider the Navy.

With good material back the Navy decided to make a bold battle for an unbeaten year. So she got a running start in this direction by arranging games with every strong college team in the East except Harvard, Princeton, Yale, Pennsylvania, Dartmouth, Carleton, Colgate and five or six others. It's quite a system when you scratch in a trifle below the surface.

**DARTMOUTH VS. HARVARD.**

If Dartmouth and Harvard managed to spin through the rest of the season unbeaten, they would have the prospect of a lively winter ahead in making final disposition of the Eastern title. Unbeaten to the finish, Harvard can run up and point to the fact that she has trimmed Yale, Princeton, Cornell and Pennsylvania State. Dartmouth's rebuttal, if her eleven conquers Carleton, is that that Dartmouth has beaten Princeton, Pennsylvania and Carleton also, on the same type of playing field. Dartmouth doubled Harvard's count against Princeton.

All of which should be good for a spicy little post season debate and for a number of precious lines of space filling copy. Apparently Harvard's only hope now is to be awarded the mail eastern prize rests in a victory over Dartmouth by Carleton. Nor is it any fulsome cliché or rectangular pipe that Carleton won't arrive in front.

Dartmouth so far has shown as much power as any eastern team. She won't get to play Yale or Harvard, but that isn't her fault. And on the other hand, Harvard won't line up against Pennsylvania or Carleton. On the dope, Princeton, Pennsylvania and Carleton appear to be tougher competition than Princeton, Yale and Cornell.

**WHY HITS STILL THERE.**

Mathewson, in all this winterleague, post-season barnstorming, with nothing at stake, is only permitting from 12 to 17 hits and from 5 to 11 runs per game.

The Giant veteran is still foolish after the manner of the well known fox.

**THE GUESSEY.**

At the late Harvard-Princeton game the boys were sitting in a group of keen-eyed experts dictating their stories over the wire. When Harvard blocked Law's punt we couldn't tell who blocked or recovered the kick in the general muddle scramble, so we decided to let some one tell us. Sending an eager ear we received this valuable information:

From A (to our right, dictated by the operator): "At this point Penock, of Harvard, broke through and blocked Law's punt, Brickley recovering the ball."

From B (just to our left): "Then it was that Gilman, Harvard's tackle, crashed through, blocked Law's punt and O'Brien punt on the ball."

From C (just beyond A): "Just at this stage Princeton put herself in a bad spot. Brickley, playing close in, rushed through and blocked Law's punt. Storer falling on the finished ball."

And from D (next to C): "Harvard hopes scored high here, for Hickey broke through the Tiger line and blocked Law's kick, Hardwick recovering."

**HERE IT IS.**

This from Cornell, received on Friday: "Sir--It's about time you were getting out your alibi for Michigan's defeat tomorrow. Cornell put out the general muddle scramble, so we decided to let some one tell us. At that, Michigan needs an alibi, for she only won by the count of 17 to 0."

"How about Princeton and Yale next Saturday?" queries F. H. B. We'll be the goat. How about 'em?"

If a St. Louis team and the New Orleans Pelicans ever stage a post-season series, our bet on every game will be a tie. It is hard to see how either team could lose.

## Release Clause To Be Changed

Minor Mugs Talk Reforms at Columbus Meeting - New Drafting Method, Also

(By Associated Press.)

COLUMBUS, O., Nov. 12.--Five committees were announced by President Pearson, of the National Association of Professional Baseball Leagues, during Wednesday's session. One committee was assigned the problem of devising a way whereby a uniform style of contract can be prepared for players of the five different classes of leagues affiliated with the organization.

In a communication to the convention the national commission made the suggestion of uniformity. The greatest obstacle now apparent, baseball men say, is the possible insertion of a clause requiring a player to be given notice of release ten days prior to the time the release can be made effective. It is understood that Class A leagues are willing to work under this plan, but those in Classes B, C and D do not favor the idea of having to carry and pay a useless clause.

**REFORM IN DRAFT RULES.**

President Pearson's list of requests from the players' fraternity, No. 1, is the system of drafting players and was supported in fact against the practice of major league clubs in claiming a large number of players, and then making cancellations of the drafts. It was voted that there shall be no such procedure by national association clubs during the year.

Committees will commence reporting tomorrow morning and it is said the business of the convention will be completed during the day.

Secretary Farrell read to the convention Wednesday the list of requests from the players' fraternity. No action on contracts to formulate a committee to confer with the national association and representative player.

**GARY HERMANN MAKES SPEECH.**

August Hermann, chairman of the national commission, recommended that the baseball fraternity be represented by a committee of players at conference sessions rather than by persons not connected directly with the game as a player, and declared that the national Federal league must be a matter of right to the national association delegates by the Columbus club.

Commenting on the Federal league, Mr. Hermann declared that baseball should be confined to those leagues that operate under the national agreement. Efforts of the commission to cause contracts to be open to all players and it was contended that players, now under reservation having been compensated for such privilege, will be held to the agreement.

**MINOR LEAGUE MEETING.**

NASHVILLE, Nov. 12.--We are going to get the convention for Nashville in 1914 or 1915, declared President W. L. Hirsch, of the local baseball club, as he boarded the train this morning for the annual meeting of the National Association of Baseball Clubs, which meets in Columbus this week.

Nashville, through the industrial bureau, has been waging an active campaign for the convention since last year, when it was held in Milwaukee, and everything points to a successful termination of the gathering at the present meeting.

## JOHNSON DOPED TO PASS 1,500 STRIKE-OUT MARK

It is a little bit early to print stories about what will happen in baseball next year, but one of the pretty certain things is that Walter Johnson will pass the 1,500 mark in strikeouts-unless he breaks his prodigious arm or decides to abandon the national game. The man who won the Chalmers car for being the most valuable player in the American league last season has, since he entered that country, claimed 1,431 strike-out victims. No other major league hurler has, in the seven consecutive seasons from 1907 to 1913, amassed this total of whiff exploits--in fact, only three other men have fanned over 1,000 ball players in the length of time. These three are Ed Walsh, Nap Rucker and Christy Mathewson.

Big Ed Walsh, the spiritual star of the White Sox, has been Johnson's closest rival for the title of the strike-out king of the majors. The Chicagoan has completed 1,400 to take the whiff route to the hush since he has been a contemporary of the illustrious Washingtonian. Walsh whiffed only 160 in games last season, but from 1907 to 1913, inclusive, he has been in forty-eight more battles than has the renowned Walter.

Christy Mathewson has fanned 1,137 men in the last seven campaigns and Nap Rucker 1,125. Eddie Plank, Connie Mack's porcupine portender, almost reached the thousand mark in that time. 507 of his adversaries taking the strike-out count. Chief Bender claimed 864 victims, Howard Camnitz 801, Jack Coombs 734, Mordred Peter Centennial Brown 741, Leon Ames 745, George Mullin 704, Harry White 625, Ed Reulbach 608, and George White 581.

## Comedians in S. L. Next Year, Kissing Here, Castro at N. O.

The Southern league will take an advanced step next season. But that may depend upon the way you look at it. However, it is safe to say "advanced" in this case for first-class vaudeville, or to devote (which) is everywhere billed as advanced, and vaudeville is just what the Southern league will have next season in the shape of two of the greatest comedians the game has ever produced. The comedians will be turned loose at full blast on the sidelines and allowed to roll all the rib crackers they can think up.

Two clubs have engaged comedians, and the secret is just out.

**CASTRO TO LIVE UP PELS.**

Loa Castro, an Atlanta baseball man and well known former Southern league, goes to New Orleans to try to live up to the Pelican outfit, which has been losing so badly of late years that a smile in their midst will seem like a cool drink of water in a certain spot-Shiraz desert, maybe.

And Robb Kissing, the hero of many encounters, humorous and baseball, will come to Atlanta and enliven the sidelines by take-offs of Eyah Hughes Jennings, his old boss. Besides contributing many a game to the Crackers win column.

Kissing and Castro are expected to be there with bells on when Old Doc Gloom shows his face and cause many a fan to be dazed and dazed. The boys will be the home team drop one. And it is a pity a club that has been so long with all the time.

**CLOWNS.**

This is surely an advanced step. And why not? Both partners possess plenty of native humor, they are veterans in the game, and they have been tried, so there is no chance for their attempt, at wit to fail, for the price.

## TRINITY COLLEGE STUDENTS BENT ON GETTING FOOTBALL

All Classes Unite in Demand, Backed by Alumni and Strong Popular Sentiment Among Townspeople of Durham

TRINITY COLLEGE, DURHAM, N. C., Nov. 12.--Enthusiasm among the students at Trinity college for football is still high, and the question, "Why can't we have football at Trinity?" is heard daily throughout the whole student body. It has never been the intention of the Trinity students to defy the college authorities, but they want football and are using every honorable means in their power to inaugurate this form of athletics. Heretofore the boys have been content with the answer that they cannot have football, but they say the time has come when they must be given a reason.

The results of the organization of the football club last week are beginning to show, and already the three upper classes have held meetings at which they heartily endorsed the movements for football taken by the football association. When a vote was taken as to how they stood on the question of football at Trinity, every hand went up in its favor.

The sophomore class was first to draw up resolutions, putting themselves on record as heartily endorsing the action of the board of trustees explaining the sentiment at Trinity and asking for a trustee meeting to decide on the question.

Similar resolutions will be drawn up at once by the other three classes. The freshmen class will meet Monday to take action on the subject and appoint a committee to represent them in the football association.

At the same meeting a committee was appointed to get out circular letters to the alumni of the college to discover their attitude toward the question. The committee will use or write every member of the board of trustees explaining the sentiment at Trinity and asking for a trustee meeting to decide on the question.

Letters have been coming from over

the state congratulating the students on their movement and expressing hope for its success. Sentiment in Durham is strongly on the student side of the question. Never before have the enthusiasts of the game appeared more determined to have football.

**RECTORIAN YALE CAPTAIN WAS R. R. BRAKEMAN.**

Captain Henry H. Ketcham, of the Yale eleven, spent the summer as a brakeman, learning the railroad business from the ground up, and having a run out of the Brightwood yards, between Indianapolis and Madison, Ill. Apparently Ketcham's railroad experience has not hurt his efficiency as a football player, since he has again taken rank as one of the foremost players of Yale. He has been shifted from center, for which position he was an All-American choice last year, to that of guard, at which he is equally good. Ketcham is looked upon as a likely selection for All-American guard this year. He is expected to return to Indianapolis and take up his railroad work at the end of the school year at Yale.

**NEW CLUB SHOT SHELLS**

"The Shell With a Nickname"

WE'RE proud of the fact that seasoned gunners have nicknamed our black powder loads. To go around the country and hear them talk about "The Old Reliable Yellow Shells" feels as good as a cheery greeting and a slap on the back.

New Club Shells are really the premier black powder shells of this country--Standard for over 50 years.

The No. 2 Primer gives a snappy ignition--surfer and quicker than you usually find in black powder shells.

In smokeless powder shells--the speediest you can get are the Remington-UMC steel lined Arrow and Nitro Club. The steel lining grips the powder, putting in the full drive of the explosion behind your shot charge.

For results in your shooting, rifle or shotgun--get Remington-UMC ammunition with the Red Ball Mark on every box. Had the latest dealer in this community. He carries them.
